1. Although a Soviet commission of about 50 members led by a Russian marshal arrived in Pirna-Sonnenstein compound, the Soviet-German conference on the future work of the Main Administration for Industrial Requirements, which was to be held on or about 20 April 1955, did not take place. It is believed that the planned conference was called off because Dipl. Ing. Brunolf Baade was absent from Pirna-Sonnenstein.
2. At the time the date for the conference was set, Baade was in the USSR, where he had been called to set forth his ideas about the future work of the Main Administration. As of 20 April 1955, Baade had not returned from the USSR. A Soviet-German conference on the future work of the Main Administration is now scheduled to be held after Baade's return from the USSR; he is expected in early June 1955.
